

Risk Mapping

GOALS

identify vulnerable situations

METHODOLOGY

Each drafts their own
free-style risk map

TIMESPAN

45m individually + 15m
discussion

REMEMBER

There is no recommended format for the map

places, they may create multiple versions to show difference between day/night or they can indicate time of day with colours. What is important is that they have the chance to reflect on the places/ moments they feel at risk.

1. Start by mapping out your geographic space.
2. Then mark the routes, spaces, moments where you feel most vulnerable.
3. Which three trusted contacts would you want to contact in a situation of risk? Would it be the same three contacts for each situation on your map?
